WHAT TO TEST

Register	Join Tier 1 and watch CNOVA reward drop every 5 members (50 → 40 → 32 → ...)
Cycle	Complete a full cycle — verify earnings, rotation, and re-entry fee deduction

Upgrade	Complete cycles and upgrade tiers — after 2 T5 members, fast-track unlocks
Referrer pool	Register without a sponsor — confirm rotation across first 100 T1 members
Community wallet	Verify founder slots fill (first 10 = Tranche A, next 10 = Tranche B) and pool accumulates

All testing is on Base Sepolia testnet — no real funds involved. USDC is mock and has no value. Report any bugs before June 5 so we go live clean. CryptoNova V4 — Built on Base.
